

Bio for Sandra Reyes

Prescott Native since 1980. Married to Benjamin Reyes, a pilot with United Airlines. I'm a retired paralegal. Having worked as a paralegal for 14 years here at a local law firm. We raised our four children here in Prescott. Our oldest son is an M.D. with his wife of eight years. They have one daughter. We are proud first-time grandparents. Our oldest daughter owns her own media corporation alongside her husband. Our youngest daughter is a full-time social worker. Our youngest son has made us empty nesters for the first time. He is attending his first year at our prestigious United States Naval Academy. As an empty nester, I'm ready to give back to our community. I look forward to dusting off the cobwebs of my mind and diving into all things "legislature," specifically in the aspect of educating our RWOP members and myself.
