

Liz Davidson Bio

I was blessed to have a career of over 30 years in Sales and Marketing for electronics firms in the Silicon Valley. My husband Randall and I moved to Prescott in 2016 and it has been the best move that we've made in our 45 years of marriage.

As a naturalized citizen of this great country, I'm very passionate about preserving the opportunities that were available to my family when we immigrated to the US. I have been a member of RWOP since 2020, and I served on the Ways and Means committee for two years. Currently, I am a YavGOP precinct committeewoman, I volunteer at GMIHC, and at ABIA JUDD reading to the 2nd grade students.

I am privileged to serve on the RWOP Board and humbled by the opportunity to contribute to this great organization, especially during this pivotal election year. As VP of Education, my focus is to plan tours and provide classes to educate members and voters about events regarding local, county, state, and national issues on how to become involved to support Republican principals.
