

Married for 49 years and the mother of two grown sons, I am a native of Northeastern Pennsylvania. I relocated to Prescott Valley 6 years ago to escape the inclement weather on the East Coast. My experience includes working in the non-profit sector as a Communications Consultant/Webmaster, Director of Technical Support and Services, and HIPAA Security Officer for KidsPeace, a mental healthcare agency. I spent my spare time running a website design business. Since retirement, I have enjoyed doing crafts, walking my two dogs, and exploring the great state of Arizona. This is my third year serving as 4th VP of Communications, and I will be pleased to serve again. In that role, I maintain the website and social media, i.e., Facebook and Instagram, email communications, sponsors ads, audio/visual presentations, and graphics & flyers. In addition, I take photos for our social media posts, manage the YouTube and Vimeo channels, manage the Credit Card processing, and assist with any technical issues that arise. Please contact me if you are interested in volunteering in an area I am responsible for. I can always use an extra hand.
