

Cynthia McSwain bio

My family moved to Prescott in 1971. I am a graduate of Prescott High School and Yavapai College. I completed my BS in Business Administration at Biola University in La Mirada, CA. I lived in both California and Washington state over the course of my career, before returning to Arizona as a retiree in early 2021. I joined RWOP shortly after re-establishing Arizona residency.

I have been interested in history and politics for as long as I can remember. I was an elected member of the Orange County (CA) GOP Central Committee for some years and volunteered on multiple campaigns, including school board candidates. I'm from a proud military family—I'm the granddaughter, daughter (both parents!), sister, aunt, and niece of veterans. I very much appreciate RWOP's support of veterans and the Armed Services.

My career experience is primarily in Finance and Accounting. I am familiar with the major software products that RWOP uses for its administrative record-keeping.

This is my second year serving RWOP in the capacity of Secretary. I'm excited to continue serving this energetic, devoted, and principled group!
