

Jean Perle Bio

I lived outside of Chicago most of my life. I started as a nurse, and then my husband, Mark, and I had 2 businesses. (Pizza restaurant and a Jewelry business.) I was lucky to have 3 wonderful boys. My youngest has made a career in the Army. He started as a Ranger and is now a Chinook pilot. The middle is a mechanical engineer, and the oldest is an entrepreneur.

I started volunteerism actually at age 9 when I joined 4 H. I continued with many organizations, clubs and sports as well all through school. Having children didn't stop me with volunteering. I stayed active with all their interests such as scouts and multiple sports.

I was in our local rotary club and served on the scholarship committee. The Republican party was a group I also volunteered for. I found time despite the kids and 2 businesses.

Mark and I decided to retire to Prescott and been so thankful for this decision. We both love the area and the people.
