

Linda Gray Bio

My greatest honor was being elected to the AZ House of Representatives and the AZ Senate, 8 years in each chamber. My last four years in the Senate I was Chair of the Public Safety and Human Resources Committee. Appointed to the National Foundation for Women Legislators as the Education Chair.

I have previously served RWOP as the Americanism and the Bylaws Chair.

Appointed by Governor Brewer and Governor Ducey to serve on the DUI Abatement Council. This council primarily provides funding from DUI penalties and Federal grants to law enforcement agencies that provide training and monies for DUI enforcement.

Quotes: A woman's place is in the House and in the Senate. President Lincoln said, "Nearly all men can stand adversity, but if you want to test a man's character, give him power." Of course, this applies to women also!
