### Description

**This groundbreaking book from sex educator and YouTube phenomenon Laci Green has everything you've ever wanted to know about sex, sexuality, pleasure, and your body.**

Let's be honest: most of us think about sex A LOT, and we have plenty of unanswered questions: What's the best way to talk to my partner about what I want? How do I figure out my sexuality? How do I have sex safely? What does an orgasm actually feel like?

Laci Green—a sex educator and YouTuber who's been hailed by Time magazine as the millennial Dr. Ruth—has built a platform of millions of followers by answering sex-related questions frankly, nonjudgmentally, and hilariously.

Now Laci brings her signature style and voice to a comprehensive book about the multitude of issues and concerns that go along with sexuality: anatomy, consent, LGBTQ issues, STI and pregnancy prevention, sexual empowerment, healthy relationships, myth-busting, and more. Sex Plus is the first book of its kind: empowering, sex-positive, and cool. Comprehensive, honest, and vetted by a range of medical experts, this book will help you take control of your sex life.

After all, knowledge is pleasure.

## ***Types of Sex Toys***

### **DILDOS**

A dildo is a fake penis or phallic toy that is used in vaginas and butts. Some are shaped like realistic penises, while others take on a more discreet appearance. Some people also use household items as dildos, because it turns out that a lot

of things are shaped like a dick. Popular choices seem to include vegetables, hairbrush handles, makeup brush handles, candlesticks . . . you get the idea. If you're going to use a household item, consider its safety first. Because these items can contain pesticides, germs, and bacteria, always cover them in a condom first. Consider whether or not it could break inside you, or scratch you

Rabbits are vibrators that have a second little arm coming off the top to stimulate the external clitoris while the dildo stimulates the vagina. They're great for people who like internal and external stimulation at the same time.

## **G-SPOT VIBRATOR**

A vibrator with a curve for easier access to the g-spot.

## **BULLET**

Small, handheld vibrating devices that are held over the clitoris, or wherever a little vibration feels nice. If privacy is an
